### CHAPTER COMMANDER'S REMARKS (1 Jun 24)

Hello Companions!

Thank you for your support to our outreach programs! We were able to have the Scout Executive and Council President from the Pathway to the Rockies Scouting Council at our May meeting to give updates on the Scouting program. Very informative, and eye opening as to how many opportunities Scouting provides to our Nation's youth!! It was also refreshing to hear from a Scout who is working towards his Eagle rank (one more merit badge and his service project left to go). A great program, and we look forward to supporting both Scouting America and Girl Scouts.

We also conducted our elections for the coming operating year, congratulations to Jim Borders for his election to Sr. Vice, Ulysses Swift for his election to Jr. Vice, Rich Peters for his election as Adjutant, and to Mike Berendt for his election to Treasurer. I am honored to have earned your trust to serve one more year as the Chapter Commander, although this coming year will be my last one as Commander due to term limitations and other activities.

As mentioned at our dinner, there is no Companion dinner in June. We HIGHLY encourage Companions to take part in the Rocky Mountain Youth Leadership Conference (RMYLC), 24-28 June at CSU Pueblo, even if only for an hour or two on one of the days. We will resume our regular dinner meetings on July 18th with a recap of the year for the Chapter, a readout from the RMYLC, installation of newly elected officers, and potentially a PACT Act presentation from a DAV Chapter Service Officer. More to follow!

Lest we forget, the 80th anniversary of the D-Day landing will be commemorated on June 6<sup>th</sup>. Hoping you can find some time to give thanks for those who served on that fateful day. Special meaning to me as my namesake (father's cousin) died during the dress rehearsal for D-Day in April of 1944.

Thank you again for the honor and privilege!  
Stay safe!

V/R,  
Kerm

**National Youth Civics Summit (NYCS)** – MOWW in partnership with the MOWW Foundation, is conducting its first NYCS from July 7th - 13th on the campus of American University in Washington, DC.

NYCS is an apolitical and non-partisan event that aims to enhance the civic education of high school students from across the country by providing them with firsthand experiences in and around the Washington, DC area, including Capitol Hill, the US State Department, Mount Vernon, Gettysburg, and more.

This immersive week-long program offers students a unique opportunity to interact with politicians and observe high-ranking appointed officials in action around Capitol Hill, including visits to institutions such as the Supreme Court, the Defense Department, and various other U.S. government agencies.

Throughout the summit, students will also embark on guided tours of significant monuments, participate in simulated classes, and engage in various leadership-building activities, empowering them to become informed and engaged leaders with a deeper

### HISTORIAN ARTICLE

#### VETERANS ADMINISTRATION AND NATIONAL CEMETERIES

The nation's Memorial Day 2024 ceremonies was observed on the last Monday of May. Ceremonies honored the men and women who died while serving in the U.S. military.

*Pikes Peak National Cemetery*

Originally known as Decoration Day, it originated in the years following the Civil War and became an official federal holiday in 1971. Many Americans observe Memorial Day by visiting cemeteries or memorials,

holding family gatherings and participating in parades.

*United States Air Force Academy Cemetery*

The Veterans Administration (VA) became steward of the 111-year-old National Cemetery System on September 1, 1973. In 1989, VA was elevated to the Department of Veterans

Affairs, a cabinet-level agency. On November 11, 1998, the National Cemetery System was re-designated as the National Cemetery Administration, and the NCA principal was elevated from Director to Under Secretary of Veterans Affairs for Memorial Affairs.

The history of the present National Cemetery Administration evolution makes for an interesting read reflecting the many conflicts the nation has engaged and the development of our nation's honoring the Americans who have made the ultimate sacrifice in defense of our country and its values (see this VA [link](#) for additional

*Fort Logan National Cemetery*

information on the history of the National Cemetery Administration).

#### HOMELAND SECURITY (HS)

##### Mission Areas

The Secretary of The Department of Homeland Security oversees the third largest Cabinet Department and leads our nation's efforts to secure our country from terrorism to natural disasters. DHS has a vital mission to secure the nation from the many threats we face. This requires the dedication of more than 260,000 employees, in jobs that range from aviation and border security, to emergency response, from cybersecurity analyst to chemical facility inspector. DHS has five distinct mission areas related to securing the homeland, which includes the largest law enforcement population in the Federal Government.

The following depicts Mission Critical Occupations that most directly affect the Department's mission success. Priority mission critical occupations listed below are identified as having the greatest impact on the Department's goals and objectives:

US Secret Service

- Criminal Investigator - Special agents investigate violations of laws relating to financial crimes such as credit card and access device fraud, as well as computer-based attacks on the nation's banking and telecommunications. In the field of protection Secret Service special agents develop and implement innovative strategies to mitigate threats to our nation's leaders.

- Police (Uniformed Division) - Protect facilities and venues secured for U.S. Secret Service protectees. Provides security for the Treasury Department building and foreign diplomatic missions in Washington, D.C.

Transportation Security Agency

- Federal Air Marshal - Detects, deters and defeats hostile acts against aviation. Federal Air Marshals are armed federal law enforcement officers deployed on passenger flights worldwide to protect airline passengers and crew against the risk of criminal and terrorist violence.

- Transportation Security Officer - Conduct security screening of passengers, baggage and cargo at airports to prevent any deadly or dangerous objects from being transported onto an aircraft.

Immigration and Customs Enforcement

- Deportation Officer - Uphold U.S. immigration law at, within, and beyond our borders against those who present a danger to our national security, are a threat to public safety, or who otherwise undermine the integrity of our immigration system.

- Criminal Investigator - protect the United States against terrorist and other criminal organizations that threaten our safety and national security. Also targets transnational criminal enterprises that seek to exploit America's legitimate trade, travel, and financial systems.

(Next month will cover Customs and Border Patrol, Federal Emergency Management Agency, Federal Law Enforcement Training Center (FLETC), All Components – Cybersecurity needs.)

Lt Colonel Ulysses Swift presented MOWW award to AFJROTC Cadet Myles Smith from Harrison HS, Colorado Springs, CO. Harrison HS is one of four AFJROTC programs in Colorado Springs.

Another AFJROTC program in Colorado

Springs is Air Academy HS located on the United States Air Force Academy (USAFA). Colonel Mark Weinerth presented MOWW award to AFJROTC Cadet Charles Weitz.

*Colonel Weinerth and AFJROTC Cadet Weitz*

The Chapter is proud to recognize the Army ROTC Cadets at the University of Colorado at Colorado Springs (UCCS). The ROTC program commissions premier leaders of character whose: professionalism, intellectual and physical capabilities; ability to adapt and be flexible; and mental toughness make them an immediate asset to lead in any of the Army's winning units. The Chapter recognized three outstanding ROTC cadets representing the top cadet for each Military Training level (Sophomore to Senior).

The incredible value of our ROTC/JROTC programs in training, mentoring, teaching citizenship, and molding the next generation of leaders for our nation cannot be overstated! As MOWW members, we provide the support and encouragement to dedicated retirees from our Armed Services that have stepped up and volunteered to continue to

mentor and teach our nation's high school and college students to be better leaders, citizens, and hopefully,

take our place in military service to the nation. Our COS MOWW presenters were impressed with the quality and standards of the cadets we saw at these events and are proud to report that our nation will be in good hands for years to come.

### **NATIONAL SECURITY (NS)**

(Article to inform readers on the Geographic and Functional Combatant Commands)

The Unified Command Plan (UCP) is a strategic document that establishes the missions, responsibilities, and geographic areas of responsibility for commanders of combatant commands. Functional combatant commands operate world-wide across geographic boundaries and provide unique capabilities to geographic combatant commands and the armed services, while geographic combatant commands operate in clearly delineated areas of responsibility and have a regional military focus.

## Memorial Day Trivia

### National Cemetery Burials

Most Americans believe only military members and family members are buried in the national cemetery system. What is not commonly known is that in addition to Federal service members, more than a thousand World War I and World War II enemy POWs, and approximately 12,000 Confederate POWs, are buried or memorialized in VA cemeteries consistent with U.S. law and recognized rules of war (set out in the Geneva Conventions of 1949, and the Additional Protocols of 1977, Hague Conventions 1899–1907, and customary international law). Another thousand ally foreign nationals are buried in these cemeteries. Approximately one-quarter of NCA's cemeteries no longer offer burial space and are preserved as historic resources. (See this [link](#) for information.)
